

## Christer Schönberg Joins Vahterus' Board of Directors

We are pleased to announce that **Christer Schönberg**, Vice President Strategy and M&A at **Valmet**, has been appointed to Vahterus' Board of Directors. Schönberg will bring years of experience in business development and strategy implementation gained through his different managerial positions at Valmet, **Metso** and **Ahlstrom**.

'Valmet is an important customer to Vahterus globally', says **Mauri Kontu**, CEO and owner of the Vahterus Group. 'Christer has a long track record of strategy development in big industrial companies, and we're excited to welcome him to Vahterus' Board of Directors. I know that we'll all benefit from his expertise.'

Schönberg is currently a vice president of Valmet, responsible for strategy and mergers & acquisitions. He holds a Master of Science in Engineering from Helsinki University of Technology and an MBA from INSEAD.

*Established in 1990, Vahterus is a Finnish family business focused on sustainable heat-exchanger solutions. Vahterus is the inventor, pioneer and market leader in Plate & Shell Heat Exchanger technology. With headquarters and manufacturing facilities in Finland, and subsidiaries in the US, UK Germany and China, it currently employs more than 350 people.*
